MISSION & BACKGROUND

our MISSION

"To help protect and ensure the financial security, health, safety, and social lives of current and future mature Americans, and to help Americans navigate the bewildering array of decisions they need to make."

The AMAC Foundation

is dedicated to supporting and educating American seniors and plays a vital role in helping build the services that enrich their lives. Our goal is to help protect mature Americans and strengthen their financial security, health, safety, and social interactions.

The cornerstone of the AMAC Foundation is the Social Security Advisory Service. Staffed by dedicated individuals who have earned the accreditation and designation of National Social Security Advisors, our Advisors council retirees and pre-retirees on questions and issues pertaining to Social Security and provide guidance to Americans on the many Social Security options available. We are proud to offer this trusted, gold standard service to the public.

ON MISSION IN 2022

In 2022, AMAC Foundation took on a big change, transferring the Executive Director role from Mr. Gerry Hafer to Mrs. Joleen Teninty. Mr. Hafer remains onboard for mentorship, grant writing, Social Security Guarantee advisement, FVOP launch and growth, and other guidance.

Mrs. Teninty aims to maintain the mission and goals of the Foundation, while building relationships that enhance and increase community presence, online, and other capacities. The bottom line is to reach as many Seniors and Veterans as possible, ensuring they have resources that educate in the areas that impact them the most.

Ms. Paulette McBride is the newly onboarded Executive Assistant, working closely with Foundation staff and assists with day-to-day coordination, operations, and administration of activities.

LEADERSHIP MESSAGE

"As I reflect on my retirement from the Foundation Executive Director position, and as I think back on my role in the formative years of the organization, I share a sense of pride at having had the opportunity to work with a team of colleagues so dedicated to a mission. This shared sense of commitment is the ingredient that causes us to eagerly anticipate continued evolution under the direction of Joleen Teninty and the exploration of new avenues for service to the public."

- GERRY HAFER, EXECUTIVE DIRECTOR, EMERITUS

"It is exciting to be a part of an organization that has a passion for helping America's Seniors and Veterans. Also, to be part of a team that is enthusiastic about delivering accurate, current, and topnotch Social Security responses as well as other resources and information that cater to the needs of seniors in the community. I look forward to taking the team through 2023!"

- JOLEEN TENINTY, EXECUTIVE DIRECTOR

"Philosophically, the Foundation embraces the principles of the American free enterprise system and its role in achieving prosperity for this country. The Foundation is based in no small part on the principle that education is the key to Americans making informed choices for self-sustainability.

In response to interest expressed by Association of Mature Americans (AMAC) members for a nonprofit organization focused solely on the needs of America's older citizenry, the Foundation's Social Security Advisory Service (SSAS) was formed in 2016. These interests coincide with the stated mission of the AMAC organization: to serve as the voice of Americans 50 years of age and older, and to sponsor initiatives that keep America strong.

The AMAC Foundation's mission encompasses the understanding that Social Security was established in 1935 as a safety net in retirement. Through extensive time and effort, AMAC Foundation's team maintains current knowledge of Social Security, working alongside others to research and identify ways to ensure Social Security solvency.

The Foundation team understands the requirements and individualized needs for eligibility, choosing the right retirement age, and maintaining a steady income stream. Their continued efforts are passed on through the SSAS, resources, events, and other educational materials. We are grateful that the AMAC Foundation's team cares about America's Seniors and they know that for many elder Americans, Social Security is what puts food on the table and is a principal source of income.

AMAC and AMAC Foundation combined efforts are to ensure the promise to guarantee Social Security for all Americans – now and for future generations – is kept. While AMAC remains committed to promoting this important piece of legislation, the AMAC Foundation resolves to share knowledge in a consulting capacity of Social Security's operational aspects, and to help assess how specific Social Security Guarantee components would impact Social Security benefits."

- REBECCA WEBER, BOARD OF DIRECTORS, PRESIDENT

OPERATIONS OUTLOOK

THROUGHOUT 2022, THE AMAC FOUNDATION SAW A SIGNIFICANT DROP IN CONTRIBUTIONS COMPARED TO PRIOR YEARS WHILE ABSORBING OFFICE EXPENSES THAT WERE PREVIOUSLY SHARED. In 2023, the Foundation team will continue to realize its potential, seek out opportunities, and develop strategies for operation and expense reductions. Oversight will be ongoing, identifying adjustments to in-house / office costs, while growing through outreach, grants, and donor management, including investing in a donor management program.
